ASSC 2007

[calendar-event](#) — virgil @ 6:21 pm    

The 11th annual meeting of the [Association for the Scientific Study of Consciousness](#) will take place between June 22nd and June 25th, 2007, at the [Imperial Palace Hotel, Las Vegas](#).

ASSC11 will promote interdisciplinary dialogue in the scientific study of consciousness. ASSC members as well as non-members are encouraged to submit contributions that address current empirical and theoretical issues in the study of consciousness, from the perspectives of neuroscience, philosophy, psychology, computer science, and cognitive ethology. ASSC11 will provide an excellent opportunity for the presentation of new empirical findings or novel theoretical perspectives in an atmosphere that will promote discussion and debate.
